RE: Case No. 2010-00149

Dear Ms. Faulkner:

We are hereby reporting the following dates:

- 1. Starting Date of Project - 6-3-10
- 2. Approximately 50% Completion Point Date - Oct. 1, 2010
- 3. Completion Date (Some Clean-up Pending) - Nov. 3, 2010

The Water District thought that the Engineering firm was doing this reporting and they in turn thought we were doing it. Hopefully this will provide you the needed information. We will try to comply in a timely manner on our projects in the future.

Sincerely,

Nelson Sanders
